*"A way to Understand Ourselves and to Experience God "*

*by Sr Maureen Conroy RSM*

Dreams reveal ourselves to ourselves and open our inner selves to experience God.

This program will explore the rich world of dreams and assist in a deeper understanding of this dimension of our inner life. Concrete ways of praying with our dreams will be discussed and experienced. You are invited to bring along one of your dreams to pray and process. This professional day is for spiritual directors, directees, therapist and health care practitioners.
